Narratives, Digital & Analog.

94-260 Adelaide Street East
Toronto, ON. M5A 1N1
C A N A D A

OBJECTIVE To provide end-to-end narrative through text, design, multimedia and web development.

HIGHLIGHTS OF QUALIFICATIONS

- Published non-fiction writer since 2000, including music journalism and a non-fiction biography of a musician published 2014.
- Wrote free-lance commercial copy since 2003.
- Designed music packaging since 2009 using Libre, opensource software.
- Complemented design/software knowledge at Humber College school of Multimedia Design and Development where I was trained in proprietary Adobe Creative Cloud Software.
- Have basic stills/video/audio recording and editing skills.
- Credited as "Researcher" in the documentary, The Suffering Grasses by Iara Lee.
- Have basic web development skills in HTML5, CSS, Javascript, PHP, and MySQL.

WORK HISTORY

2009-present Fathom Distribution, owner.

- Own and operate a music distribution/label business. Responsible for design, fabrication, promotion, shipping of records, CD's and cassettes as well as digital file distribution.
- Established business-to-business and direct sales relations with over 20 different countries.
- Worked with technicians to develop e-commerce sites as well as attendant social media platforms to harness exposure.

2000-2009 Free-lance Licensed Investment Representative

- Worked on a contract basis for bank and boutique brokerage firms including HSBC Securities (Canada) Inc., Dundee Securities Inc., and TD Waterhouse.
- Facilitated stock, bond, and other financial instrument transactions.
- Conducted investment research, marketing, and documentation.

Education and Professional Development

- Humber College of Applied Arts and Technology (Multimedia Design and Development Production 2013-2015)
- Toronto Business Development Centre self-employment training program. 2010-2011
- Numerous financial regulatory and client service training programs. 2000-2009
- Canadian Securities Course (financial industry prerequisite). 2005
- York University (English literature and psychology. 1994-1996)
- Humber College of Applied Arts and Technology (business admin). 1993-1994

Software Skills

- Work with Operating systems like Windows, Max OSX, and GNU/Linux and use both proprietary (Microsoft Office Suite and Adobe Creative Cloud (for graphics, audio and video editing) and libre/opensource software (for graphics and web such as Inkscape, GIMP, Emacs, Libreoffice).
- Nascent web development skills in HTML5, CSS3, Javascript/JQuery, PHP and MySQL. Am keen to learn other web development languages.
